Ladybridge Primary School - Governor's Impact Statement – Spring Term 2017

The purpose of the Governor impact statement is to show all stakeholders of Ladybridge Primary School the activities the Governing Board has undertaken and the impact of these activities over each term.

Governor Activities	***Impact of Activity***
Governors had an in depth discussion about the rewards systems in place for children at school.	This year, pupils will be rewarded for effort, learning and attendance, which is a fairer system to reward children's efforts during the whole year.
Governors discussed the subject of books and their scrutiny of them for evidence of progress by children.	Governors need to be more efficient in reviewing books, so they have a more in depth understanding.
Governors discussed the school financial resources over the coming years in detail and the use of money for Pupil Premium, Sports Premium and SEND funding.	Governors wanted to look in greater depth the deployment of staff and resources to secure continued school pupil improvements.
Governors participated in Governor day in March.	The outcome was to time table Governor monitoring and to keep an up to date, accurate picture of the school's performance. The Governors have a clearer understanding of progress and attainment data.
